In Re.: Relevant Event | Arbitration Award - Liquidation

To whom it may concern,

I am writing in my capacity as Market Relations Manager at GCDI S.A. (the "**Company**") in connection with the information contained in Relevant Event No. #3123658, dated December 4, 2023, with regard to the arbitration complaint filed by the Company at the Buenos Aires Stock Exchange ("**BCBA**") General Arbitration Court against NUCLEOLÉCTRICA ARGENTINA S.A. ("**NASA**") and NASA's counterclaim as a result of the decision by NASA dated February 2020, to rescind Construction Contract no. 4500096812, dated January 17, 2017, aimed at executing the engineering, procurement, assembly, structural finishing and implementation of dry storage building systems for the fuel elements burnt at the Atucha I Nuclear Complex.

In this regard, it is hereby informed that following BCBA's general arbitration award, whereby the complaint and its counterclaim were both granted partially, and following the parties' liquidation for the items ordered, the BCBA General Arbitration Court ruled that the difference between both liquidations must be paid, which results in an amount of ARS three hundred ninety million three hundred thousand five hundred ninety-eight 53/100 (ARS 390,330,598.53) in favor of NASA, which has been deemed a final judgment.

Sincerely,

Daniel Antúnez
GCDI SA Market Relations Manager
